

TABLE OF CONTENTS

I. SCOPE AND METHODOLOGY

II. REPORT SYNOPSIS

1. Introduction

Pesticides

Chemical Pesticides

Biopesticides

History of Biopesticides

Development of Biopesticides

Biopesticides - Timeline

Biopesticides - Types

Microbial Pesticides

Biochemical Pesticides

Macrobial Pesticides

Plant Incorporated Prtectants (PIPs)/Bt (Insect Resistance)

Other (Weedicide & Termiticide)

Study of Biological Pests Control

Biological Control Strategies

Classical

Inoculative

Inundative

Conservation

Biopesticides - Merits and Limitations

Merits

Limitations

Advantages of Biopesticides over Pesticides

Biopesticides – Future Prospects

Biotechnology - Hope of Rescue against Food Crises

Segmentation of Biopesticides

TABLE OF CONTENTS

Exhibit 1: Segmentation of Global Biopesticides Market by Type and by Application

2. Global Market Analysis

Pesticides

Exhibit 2: Pesticides - Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Billion (*Graphical Representation Included*)

Biopesticides

Exhibit 3: Biopesticides – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million (*Graphical Representation Included*)

Comparison of Pesticides and Biopesticides Market

Exhibit 4: Pesticides v/s Biopesticides - Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million (*Graphical Representation Included*)

Market Analysis by Geographic Region

Analysis by Type

Microbial Pesticides

Exhibit 5: Microbial Pesticides - Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 6: Microbial Pesticides – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Biochemical Pesticides

Exhibit 7: Biochemical Pesticides – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 8: Biochemical Pesticides – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Macrobial Pesticides

Exhibit 9: Macrobial Pesticides – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 10: Macrobial Pesticides – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance)

Exhibit 11: Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) - Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

TABLE OF CONTENTS

Exhibit 12: Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) – Global Value Market Shares(2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Other

Exhibit 13: Other – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Analysis by Application

Cereals & Soybean

Exhibit 14: Biopesticides - Application in Cereals & Soybean– Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 15: Biopesticides - Application in Cereals & Soybean – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Fruits and Vegetables

Exhibit 16: Biopesticides - Application in Fruits and Vegetables - Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 17: Biopesticides - Application in Fruits and Vegetables – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Cotton

Exhibit 18: Biopesticides - Application in Cotton – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 19: Biopesticides - Application in Cotton – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Ornamental Plants & Turf

Exhibit 20: Biopesticides - Application in Ornamental Plants & Turf – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 21: Biopesticides - Application in Ornamental Plants & Turf – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Other

Exhibit 22: Biopesticides - Application in Other – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

TABLE OF CONTENTS

3. Regional Market Analysis

NAFTA

Exhibit 24: Biopesticides – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million (*Graphical Representation Included*)

Analysis by Type

Microbial Pesticides

Exhibit 25: Microbial Pesticides – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Biochemical Pesticides

Exhibit 26: Biochemical Pesticides – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Macrobial Pesticides

Exhibit 27: Macrobial Pesticides – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance)

Exhibit 28: Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Other

Exhibit 29: Other – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Analysis by Application

Cereals & Soybean

Exhibit 30: Biopesticides - Application in Cereals & Soybean – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Fruits and Vegetables

Exhibit 31: Biopesticides - Application in Fruits and Vegetables – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Cotton

Exhibit 32: Biopesticides - Application in Cotton – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

TABLE OF CONTENTS

Ornamental Plants & Turf

Exhibit 33: Biopesticides - Application in Ornamental Plants & Turf – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Other

Exhibit 34: Biopesticides - Application in Other – NAFTA Value Market Estimations & Predictions (2005-2015) in US\$ Million for United States, Canada and Mexico (*Graphical Representation Included*)

Europe

Exhibit 35: Biopesticides – European Value Market Estimations & Predictions (2005-2015) in US\$ Million (*Graphical Representation Included*)

Analysis by Type

Microbial Pesticides

Exhibit 36: Microbial Pesticides – European Value Market Estimations & Predictions (2005-2015) for in Thousands of US\$ France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Biochemical Pesticides

Exhibit 37: Biochemical Pesticides – European Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Macrobial Pesticides

Exhibit 38: Macrobial Pesticides – European Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance)

Exhibit 39: Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) – European Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Other

Exhibit 40: Other – European Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Analysis by Application

Cereals & Soybean

Exhibit 41: Biopesticides - Application in Cereals & Soybean – European Value Market Estimations & Predictions (2005-2015) in US\$ Million for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland

and

Rest of Europe (*Graphical Representation Included*)

Fruits and Vegetables

Exhibit 42: Biopesticides - Application in Fruits and Vegetables – European Value Market Estimations & Predictions (2005-2015) in US\$ Million for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Cotton

Exhibit 43: Biopesticides - Application in Cotton – European Value Market Estimations & Predictions (2005-2015) in US\$ Million for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Ornamental Plants & Turf

Exhibit 44: Biopesticides - Application in Ornamental Plants & Turf – European Value Market Estimations & Predictions (2005-2015) in US\$ Million for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Other

Exhibit 45: Biopesticides - Application in Other – European Value Market Estimations & Predictions (2005-2015) in US\$ Million for France, Italy, Germany, United Kingdom, Spain, Russia, The Netherlands, Switzerland and Rest of Europe (*Graphical Representation Included*)

Asia-Pacific

Exhibit 46: Biopesticide – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million (*Graphical Representation Included*)

Analysis by Type

Microbial Pesticides

Exhibit 47: Microbial Pesticides –Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Biochemical Pesticides

Exhibit 48: Biochemical Pesticides – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Macrobial Pesticides

Exhibit 49: Macrobial Pesticides – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance)

Exhibit 50: Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance –Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia, and Rest of Asia-Pacific (*Graphical Representation Included*)

TABLE OF CONTENTS

Other

Exhibit 51: Other – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Analysis by Application

Cereals & Soybean

Exhibit 52: Biopesticides - Application in Cereals & Soybean – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Fruits and Vegetables

Exhibit 53: Biopesticides - Application in Fruits and Vegetables – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Cotton

Exhibit 54: Biopesticides - Application in Cotton – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Ornamental Plants & Turf

Exhibit 55: Biopesticides - Application in Ornamental Plants & Turf – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia, and Rest of Asia-Pacific (*Graphical Representation Included*)

Other

Exhibit 56: Biopesticides - Application in Other – Asia-Pacific Value Market Estimations & Predictions (2005-2015) in US\$ Million for China, India, Japan, Australia and Rest of Asia-Pacific (*Graphical Representation Included*)

Latin America

Exhibit 57: Biopesticides – Latin American Value Market Estimations & Predictions (2005-2015) in US\$ Million (*Graphical Representation Included*)

Analysis by Type

Microbial Pesticides

Exhibit 58: Microbial Pesticides – Latin American Value Market Estimations & Predictions (2005-2015) in US\$ Million for Brazil, Argentina, Chile and Rest of Latin America (*Graphical Representation Included*)

Biochemical Pesticides

Exhibit 59: Biochemical Pesticides – Latin American Value Market Estimations & Predictions (2005-2015) in US\$ Million for Brazil, Argentina, Chile and Rest of Latin America (*Graphical Representation Included*)

Macrobial Pesticides

TABLE OF CONTENTS

III. MARKET DYNAMICS

1. Market Overview

Global Market Analysis

Exhibit 90: Biopesticides – Global Value Market Estimations & Predictions (2005 - 2015) in US\$ Million for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East (*Graphical Representation Included*)

Exhibit 91: Biopesticides – Global Value Market Shares (2009 & 2015) for NAFTA, Europe, Asia-Pacific, Latin America, Africa, and Middle East(*Graphical Representation Included*)

Analysis by Type

Exhibit 92: Biopesticides - Global Value Market Estimations & Predictions (2005-2015) in US\$ Million by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Exhibit 93: Biopesticide – Global Value Market Shares (2009 & 2015) by Type for Microbial, Biochemical, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) Macrobial and Other(*Graphical Representation Included*)

Analysis by Application

Exhibit 94: Biopesticides - Global Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

Exhibit 95: Biopesticide – Global Value Market Shares (2009 & 2015) by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other

2. Market Trends

Biopesticides - Emerging Trend in Pesticides Industry

Biopesticides and GM Crops

Development of Bio-pesticide through IPM based Pest Management Tool

Biopesticides in Organic Farming

Promotion and Effectiveness of Integrated Pest Management and Biopesticides in India

Increasing Usage of Biopesticides in West Africa

US Aid To Africa for Use of GM Crops

3. Major Companies in Biopesticides Industry

Ag Biotech Australia Pty., Ltd. (Australia)

AgraQuest, Inc. (USA)

Ajay Bio-Tech (India) Ltd. (India)

Amit Biotech (India)

TABLE OF CONTENTS

Bayer CropScience AG (Germany)

More...

4. Major Activities in Biopesticides Industry

Biobest Launches *Phytoseiulus macropilis*

Bayer CropScience and AgraQuest Expand Collaboration to Include Important European Markets

Andermatt Biocontrol to Launch Novel Baculovirus Product

Andermatt Biocontrol AG and Certis USA to Develop New Granulovirus Technologies in Collaboration

AgraQuest and Monsanto in Collaboration to Develop New Seed Treatments

AgraQuest Launches Broad-Spectrum Fungicide in Canada

ActinoGrow and ActinoGrow T&O Gets OMRI Listing

Spicam Oxon Acquires Stake in Prophyta

Isagro USA Receives EPA Registration for Tenet™ Biorational Fungicide

Valent Forms a Biorational Business Unit

Bayer CropScience Acquires Bio-Fungicide from AgroGreen

More.....

5. Regional Market Analysis

A. NAFTA

B3. Germany

Analysis by Type

Exhibit 122: Biopesticides - German Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 123: Biopesticides - German Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

B4. United Kingdom

Analysis by Type

Exhibit 124: Biopesticides - UK Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 125: Biopesticides - UK Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits & Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

B5. Spain

Analysis by Type

Exhibit 126: Biopesticides - Spanish Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 127: Biopesticides - Spanish Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

B6. Russia

Analysis by Type

TABLE OF CONTENTS

Exhibit 128: Biopesticides - Russian Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 129: Biopesticides - Russian Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

B7. The Netherlands

Analysis by Type

Exhibit 130: Biopesticides - The Netherlands Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 131: Biopesticides - The Netherlands Value Market Estimations and Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

B8. Switzerland

Analysis by Type

Exhibit 132: Biopesticides - Swiss Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 133: Biopesticides - Swiss Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

B9. Rest of Europe

Analysis by Type

Exhibit 134: Biopesticides - Rest of Europe Value Market Estimations & Predictions (2005-2015) in Thousands of US\$ by Type for Microbial, Biochemical, Macrobial, Plant Incorporated-Protectants (PIPs)/Bt (Insect Resistance) and Other (*Graphical Representation Included*)

Analysis by Application

Exhibit 135: Biopesticides - Rest of Europe Value Market Estimations & Predictions (2005-2015) in US\$ Million by Application for Cereals & Soybean, Fruits and Vegetables, Cotton, Ornamental Plants & Turf and Other (*Graphical Representation Included*)

C. Asia-Pacific

IV. PRODUCT TECHNOLOGY/RESEARCH

1. Introduction

Biopesticides – A Perspective

Benefits of Biopesticides

Improvement in the yield

High Target Specificity and Environment Friendliness

Reduced Resistance

Flexibility in Application

Health Safety to Consumers

Occurring Substances

Methods of Biological Control Strategies

Conservation

Classical Control

Augmentation

List of Pests & Crops Targeted

Merits and Limitations of Biocontrol Agents

Merits

Limitations

Economics of Biological Control

Microbial Pesticides

Bioherbicide

TABLE OF CONTENTS

- Control of Weeds
- Steps in Bioherbicide Development
- Biofungicide
- Yeast 120
- Bioinsecticides
- Categorization of Biopesticides
- Microbial Pesticides
- Bacteria
- Bacillus thuringiensis- Bt - A Boon to Biopesticides Industry
- Production and Activation of Bacillus Thuringiensis Endotoxin
- Application of Bt in the Field of Genetic Engineering
- Bt Spraying to Cause Insect Mortality
- Bioencapsulation to Produce Better Variant -The Bt Endotoxin
- Epiphytes
- Endophytes, which Multiplies Inside the Plant Tissue
- Application of Bt Endotoxin to Produce Transgenic Plants
- Application of Latest Variant of Bt by Employing a New Technique, Which Helps in Separating Bt from the Soil
- Bt -Endotoxins and their Method of Activities
- Various Environmental Effects Caused by the Microbial
- Insecticide Bacillus thuringiensis
- Effect of Bt Application on the Environment
- Effect of Bt on Foliage
- Effects of Bt in Soil
- The Effects Caused by the Application of Bt on Soil Varieties
- Effects of Bt Application on the Non-Target Organism
- Effects of Application of Various Bt Variants on the Soil Microorganisms
- The Impact of Bt on the Lepidoptera is very Meager
- Discovery of New Bt. Variety
- Viruses

TABLE OF CONTENTS

- Baculoviruses
- Entomopox viruses
- Fungi
- Entomophthorales
- Deuteromycetes
- Control of Weeds using Fungi
- Trichoderma
- Protozoa
- Macrobial Pesticides
- Biopesticides from Predatory and Parasitic Living Organisms
- Biopesticides against Insects
- Insect Parasitoids
- Biopesticides for Aphids
- Braconid wasps
- Chalcid wasps
- Ichneumonid wasps
- Tachinid flies
- Trichogramma
- Natural Enemies
- Predatory Biopesticides for Greenhouse Plants
- Phytoseilus Persimilis – Predator for Red Spider Mite
- Amblyseius and Orius Species to Combat Western Flower Thrips (WFT)
- Orius Supplement
- Biopesticides for Glass House Whiteflies
- Controlling Aphis Gossypii with Aphidius Colemani and Aphidoletes Aphidimyza
- Usage in ornamental plants
- Nemaslug Method
- Arthropods as Predators
- Bees and Ants

TABLE OF CONTENTS

- Wasps
- Lacewings
- Larvae of Owlflies (Family Ascalaphidae)
- Dusty Wings (Family Coniopterygidae)
- True Bugs
- True Flies, Midges, Mosquitoes and Gnats
- Other Predatory Insects
- Adult Robber Flies (Asilidae)
- Flower Flies, Hover Flies, or Syrphid Flies (Family Syrphidae)
- Medetera
- Marsh Flies (Family Sciomyzidae)
- Spiders
- Dragonflies
- Mosquitoes (Family Culicidae)Thrips
- Beetles
- Praying Mantids (Family Mantidae)
- Green Lacewings (Family Chrysopidae)
- Brown Lacewings (Family Hemerobiidae)
- Gall Midges (Family Cecidomyiidae)
- Vertebrates as Predators of Pests
- Aves (Birds)
- Pisces (Fish)
- Amphibians
- Reptiles
- Mammals
- Arthropods as Parasites and Parasitoids
- Insects for Controlling Weeds
- Chrysolina quadrigemina
- Cactoblastis cactorum

TABLE OF CONTENTS

Nematodes

Nematodes as Biopesticides for Ornamental Plants and Turf

Entomopathogenic Nematodes

Mermithidae

Secernentia

Nematodes as Biocontrol Agents against Some Common Pest Effecting Fruits & Vegetables

Biochemical Pesticides

Semiochemicals - Chemical Regulation of Performance

Pheromones

Insect pheromones

Categories of Pheromones

Releasers

Primers

Pheromone Distributor

Insect Growth Controllers- Chemical Regulation of Development

Chitin inhibitors

Molting Hormone Analogues

Juvenile Hormone Analogues

Anti-juvenile Hormones

Plant Extracts

Various Extracts of Neem Plant

Neem: Azadirachtin

Function of Azadirachtin in Elimination of Insects

Potential Elements Present in Azadirachtin

Chemical Compounds in Neem Extract

Neem as a Natural Botanical Pesticide

Various Neem Products for Pest Control

Products Extracted from Neem Kernel

Products Extracted from Neem Leaf

TABLE OF CONTENTS

Neem Cake another Traditional Product for Pest Control

Neem Oil

Various Biological Effects Caused by Neem Products on the Insects

Impact of Neem Biopesticide on Diaphorina Citri (Homoptera: Psyllidae)

Process of Insect Growth Regulation

Deterrence to Feeding an Important Activity of Neem

Oviposition Deterrence: Prohibition of Egg Laying

Various Advantages Attributed to the Use of Neem

Application of Neem in Agriculture

Exhibit 196: List of Insects that are Disabled and Incapacitated by Neem

Pyrethrum

Plant Growth Regulators

Organic Acids

Minerals

Plant Incorporated Protectants (Bt Insect Resistance)

Genetically Modified Organisms

Bt Products

Transgenic Plants

Types of Genetically Modified Plants

Bt GM Crops

Breeding for Host Resistance

Antibiosis

Antixenosis

Tolerance

Challenges in Genetically Engineered Plant-Incorporated Protectants

Transgenic Plants Advantages

Transgenic Plants Disadvantages

Techniques in Plant-Incorporated Protectants

Conventional Breeding

TABLE OF CONTENTS

Exhibit 197: Bt Cotton Varieties Approved for Cultivation in Various Zones (India) from

2002-2006

Exhibit 198: Profile of GMOs Under Research in India (Public Sector Initiatives)

Exhibit 199: Profile of Transgenic Crops under Research by Private sector in India

Other

Weedicide

Termiticide

Role of Species used as Biopesticides to Control Pests in Agricultural Crops

Species

Pseudomonas fluorescens

Bacillus subtilis / *Pumilus*

Trichoderma Viride/ *Harzianum*

Paecilomyces lilacinus

Bacillus thuringiensis var. *kurstaki*

Beauveria bassiana

Verticillium lecanii

Metarhizium anisopliae

Compsilura concinnata (Parasitoid of Gypsy Moth)

Paecilomyces fumosoroseus (Entomopathogen)

Trichoderma harzianum, Strain T-22

Gliocladium virens

Agrobacterium radiobacter Strain K84

Coniothyrium minitans

Cydia pomonella *granulosis virus* (CpGV)

Chenopodium ambrosiodes
